

UCI Artificial Intelligence

What is AI@UCI?

We are an on-campus, non-profit, organization that focuses on promoting and cultivating the discipline of artificial intelligence.

What Can You Expect?

Interactive Workshops

Our mentors will be leading workshops, tackling topics like Adversarial AI, Probability, Computer Vision, Neural Networks, and more!

Informational Sessions

Guest speakers will present on campus about various AI related topics across multiple fields.

Quarter-Long Projects

We will be working on a quarter long AI project to build more complex systems.

Do you...

- Need more AI experience?
- Need a richer portfolio?
- Want to learn more about AI?
